chem. Mol. Biol. Int. 41:877-886(1997).
FUNCTION: The insulin-like growth factors,
are structurally and functionally related (
much higher growth-promotting activity.
SUNCELLULAR LOCATION: Secreted.
SUNCIENTIARITY: Belongs to the insulin family.
                                                                         European
